Work Experience

35 years of experience in the field of construction, with a focus on quality and safety. I have worked on various projects, including residential and commercial buildings, and have a strong understanding of the construction process from start to finish.

My experience includes working as a site engineer, project manager, and supervisor. I have a strong understanding of the construction process, including the selection of materials, the management of labor, and the coordination of various trades. I have a strong focus on safety and quality, and I am committed to providing the best possible service to my clients.
